SUMMARY

Motivated and adaptable Cybersecurity and Criminology student at the University of Technology Sydney with experience across security, customer service, retail, administration, and operations. Developed strong communication, problem-solving, organizational, and stakeholder engagement skills through diverse professional environments. Currently building technical expertise in Python, Java, Bash, networking, cybersecurity, and digital investigations. Eager to apply a security-focused mindset, analytical thinking, and technical skills to contribute to cybersecurity, technology, and risk management roles.

EXPERIENCE

*Sentinel Security Group, **Security Guard***

Aug 2025 - Present

Maintained the safety and security of people, property, and assets through continuous monitoring, access control, and incident response procedures. Demonstrated strong situational awareness, threat identification, risk assessment, and decision-making skills in high-pressure environments. Maintained accurate incident records and compliance documentation while applying a security-focused mindset directly relevant to cybersecurity, risk management, and security operations.

*Altus Traffic Pty Ltd, **Traffic Controller***

2023 - Aug 2025

Managed traffic flow around construction sites to ensure the safety of workers, pedestrians, and motorists. Communicated clear instructions to road users, monitored potential hazards, and maintained compliance with safety procedures. Developed strong situational awareness, risk assessment, communication, and decision-making skills in high-responsibility environments.

*Gloria Jeans, Greenacre, **Barista***

2024 - 2025

Prepared and served high-quality beverages while maintaining consistency with company standards and quality control procedures. Operated cash registers, handled customer transactions, and delivered excellent customer service in a fast-paced environment. Developed strong attention to detail, communication, multitasking, and time management skills.

*Harvey Norman @ Domayne, **Electronic Salesman***

2024 - 2024

Maintained electronic products and inventory to ensure accurate stock records, pricing, and product presentation. Assisted customers by providing product information and tailored recommendations, delivering a high standard of customer service. Demonstrated strong communication, attention to detail, and sales skills, achieving over \$8,000 in sales within the first two weeks despite having no prior retail experience.

*Clicktime Pty, **Customer Support and Coordinator***

2022 - 2023

Managed customer support enquiries by reviewing and prioritising emails based on urgency and severity, ensuring timely responses and escalation where required. Handled customer calls, coordinated communication, organised documentation, and assisted with meeting scheduling. Developed strong communication, analytical, organisational, and problem-solving skills in a professional environment.

*GSS Services P/L, Sydney, **Stocker***

2022 - 2022

Assisted with organising and maintaining company equipment, tools, and supplies, ensuring resources were readily available and in good condition. Developed organisational skills, attention to detail, and accountability while supporting efficient operations and maintaining workplace standards.

*KFC, **KFC Team Member***

2020 - 2021

Worked in a fast-paced, procedure-driven environment, developing strong attention to detail, teamwork, and time management skills. Consistently followed operational, safety, and quality standards while handling responsibilities under pressure. Gained experience in compliance, problem-solving, and risk awareness, providing transferable skills relevant to cybersecurity and criminology.

EDUCATION

University of Technology, Sydney (UTS)

Bachelor of Cybersecurity Bachelor of Criminology • *Information Technology* • 2024 - 2027

Currently pursuing a double degree in Cybersecurity and Criminology, developing knowledge across cybersecurity, networking, digital investigations, cyber threat intelligence, and criminological theory. Gaining practical experience in programming using Python, Java, and Bash, as well as network security, risk management, and incident response. Combining technical and analytical skills to understand and address modern cyber threats, cybercrime, and security challenges.

Australian International Academy

HSC • 2022 - 2023

Successfully completed the HSC, demonstrating determination, perseverance, and strong time management skills while navigating the challenges of senior secondary education.

PROJECTS

Home Lab

Built Custom PC from scratch – Virtual Machines (Ubuntu, Kali Linux) – Network Setup - Set up DNS server - Set up a Home NAS (Used as a Home Cloud and VM Host)

Personal Website

Website developed using HTML and CSS (Started as a University Assessment, progressed to be my own personal website) – Covers my Aspires, Projects in Detail, Education and Experiences

Hands-On Cybersecurity Training Portfolio

Using TryHackMe and Hack The Box to develop skills in Threat Detection, Incident Response, Network Security, Vulnerability Assessment and Ethical Hacking through hands-on labs and real-world scenarios.

LICENSES & CERTIFICATIONS

Google Professional Cybersecurity Certificate

Google • *Issued Jun 2025*

CompTIA A+ Certification

CompTIA • *Still Pursuing*

SKILLS

Python Coding • Networking • Cyber Threat Intelligence (CTI) • Incident Response • Risk Assessment • Digital Investigations • Critical Thinking • Problem Solving • Communication • Networking

HONORS & AWARDS

Rank 1 in Year 11 Arabic

Rank 1 in Year 12 Arabic HSC

Rank 1 in Year 12 Society and Culture

Most Improved in Year 12 HSC
